

I am registering a complaint against Sinclair Broadcasting's plan to require ALL of their TV outlets (which control 62 stations in 39 markets, and reaches 25% of Americans) to air an anti-Kerry documentary days before the election. This is a form of propoganda that I view as a threat to our democracy.

Sinclair is licensed to use the public airwaves, and I understand that licensees are obligated by law to serve the public interest. I believe it is in the public interest for local stations to determine their own programming, and to have balanced coverage of political candidates and election issues on the ballot. I believe it is the responsibility of the FCC to ensure the latter in regard to all licensees including Sinclair. Thank you.
